BONNJOUR

ABOUT THE PROJECT

The BONNJOUR is located in the Federal District of Bonn-Gronau, which is today a business location for national and international companies.The newly planned office building was designed by the architects Döring, Dahmen & Joeressen and was completed at the beginning of 2018. The BONNJOUR is a rising rectangular building with an enclosed atrium and offers attractive and modern space on four full floors and one staggered floor. The sustainable, structural and technical design of the building was based on green building criteria and was awarded DGNB-Certification in gold.
