

MARRIOTT HOTEL

ABOUT THE PROJECT

The Hamburg Marriott Hotel is centrally located in the city center situated directly at the famous Gänsemarkt. The complex designed by the architectural office of Architekturbüro v. Bassewitz, Hupertz, Limbrock has approximately 15,000m² of gross floor area and was completed in 1988. With its 270 rooms, eight suites, a ballroom, spa areas including a swimming pool, four retail stores and a public car park with 128 parking spaces, the hotel has been extensively refurbished on the ground floor in recent years and since then also offers numerous, flexible meeting, conference and event areas with state-of-the-art technology.
